# OFFERING MANY ADVANTAGES

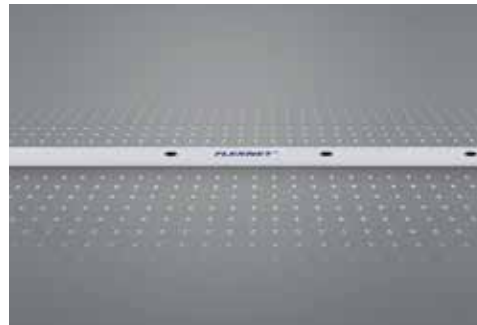

Easy and fast to install, FlexNet lowers labour costs due to several factors.

Unique weaving leading to unparalleled pipe lightness and strength.

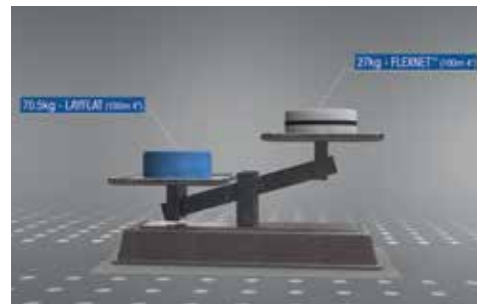

Welded outlets\* enabling tailored spacing according to growers needs.

\* 0.5-12m outlet spacing and skipped spacing available.

Specially designed branching connectors requiring no Teflon or glue.

Lightweight and compact collapsible pipe requiring less storage space while saving on transportation.

- ☑ Due to perfect sealing between the pipe and its patented outlets, FlexNet reduces weed growth and muddy spots, while ensuring high performance for many years.

- ☑ With FlexNet, the pipe does not buckle, ensuring that the dripperlines remain in the same position throughout the season.
